Re: Eng. Mohamed Almarzooqi, BSc, MSc, FCIArb

To whom it may concern

I write to state that I had the privilege of sitting on an arbitral tribunal together with Eng. Mohamed Almarzooqi.

Based on my experience working directly with Eng. Almarzooqi, I certify that he is an excellent arbitrator, able to work in both Arabic and English languages, with a solid knowledge and understanding of arbitration procedures, proficient knowledge of UAE laws and regulations, including local court practices, and advanced technical proficiency in construction disputes, specifically within his field as an electro-mechanical engineer.

Eng. Almarzooqi has a firm commitment and adherence to professional ethics.

Should you need any further information, please contact the undersigned.

Faithfully yours,

Ahmed Ibrahim

Independent Arbitrator
Dubai, United Arab Emirates
