To whom it may concern,

This letter is to confirm that I have presided over a very large and complex DIAC international arbitration in which Mr. Mohamed Almarzooqi sat as co-arbitrator.

I have, in this capacity, interacted with Mr. Almarzooqi extensively over a considerable period of time, and can attest to his highest ethical standards, his hard work, his reactivity, his expertise in construction and technical matters but also his knowledge of international arbitration. I attest as well to his collegiality, his command of the English language, and to his impartiality and independence.

I recommend Mr. Almarzooqi as co-arbitrator or President with enthusiasm and without any reservations, particularly in construction and technically related disputes.

This statement has been faithfully prepared at his request.

Sincerely,

Hamid G. Gharavi
